We would like to request a sponsorship for the September 29, 2018 Bowl-A-Thon.

Begun in 1990 to answer a community need identified by the Education Committee of the Greater Macon Chamber of Commerce, the Mentors Project—a dropout prevention program—matches successful, caring adults from the community with at-risk students from 14 Bibb County public middle and high schools.

For twenty six years, mentors have been committing at least four hours a month to their protégés, to encourage and motivate their protégé to positive activities they may not otherwise experience.

The Mentors Project is unique in that mentors stay with their protégé for more than one school year. These relationships continue until the students graduate from high school, thus helping to insure that he or she has a post - secondary plan in mind and will become a productive citizen in the community.

The Mentors Project Bowl-a-Thon is the program's annual September fundraiser and the event is attended by more than 125 sponsors, children, mentors and parents. The sponsorship levels are as follows:
